Financial Foundations for Educators

An informative and entertaining two-day course for teachers to gain confidence and expertise about their own personal finances, preparing them to teach the same to their students.

Financial experts from around the state will address spending and financial planning; credit and debt; saving and investing; risk management including identify fraud and handling difficult financial stresses. Each section will also highlight examples of effective classroom materials that can be integrated into many K-12 subject areas.

Hundreds of teachers have taken personal finance workshops sponsored by Jump\$tart and its partners in the last few years. In follow-up surveys, 95% of teacher respondents have improved their own personal finances, and 75% have incorporated financial concepts from the workshop into their classrooms.

California Jump\$tart Coalition's mission is to improve the personal financial literacy of California's youth.

The purpose of California Jump\$tart is to improve the quality of life in California by teaching young people how to succeed with money, including organization, earning, spending, saving, investing and credit. Jump\$tart is a 501 (c)(3) non-profit organization affiliated with the National Jump\$tart Coalition for Personal Financial Literacy.
